

## FISCAL NOTE

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: April 8, 1996

SUBJECT: **SB 3272 - HB 3285**

This bill, if enacted, will authorize the Register of Deeds in Dyer County to collect \$2.00 for data processing for each instrument recorded in such register's office. The bill provides that such fees shall be allocated by such county for the purchase of computer equipment, supplies and maintenance used in the operation of such register's office.

The fiscal impact on local governments from enactment of this bill in and of itself is estimated to be minimal, since the provisions of the bill are permissive.

The fiscal impact from enactment of this bill is estimated to be an increase in first year local government revenues of \$19,000 and a corresponding increase in first year local government expenditures of \$19,000 which assumes the Register of Deeds in Dyer County will charge a \$2.00 fee on approximately 9,500 transactions annually. These funds are estimated to be expended on the purchase of computer equipment, supplies and maintenance.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
